With its stunning landscapes, diverse ecosystems, and rich birdlife, British Columbia, Canada, is a true birdwatcher's paradise. From the towering mountains of the Coast and Rocky Ranges to the rugged coastline and lush rainforests, the province offers a wide range of habitats for over 550 bird species. Whether you're a seasoned ornithologist or a casual bird enthusiast, British Columbia has something to offer every birder.

1. Vancouver Island

Vancouver Island is one of the best places in British Columbia to go birding. The island is home to a variety of habitats, including rainforests, old-growth forests, wetlands, and coastal cliffs. This diversity of habitats attracts a wide range of bird species, including bald eagles, peregrine falcons, marbled murrelets, and tufted puffins. One of the best places to bird on Vancouver Island is Pacific Rim National Park Reserve, which is home to a large population of nesting seabirds.

2. The Okanagan Valley

The Okanagan Valley is a beautiful region of British Columbia known for its vineyards, orchards, and stunning scenery. The valley is also home to a variety of bird species, including American white pelicans, great blue herons, and yellow-headed blackbirds. One of the best places to bird in the Okanagan Valley is Vaseux Lake Bird Sanctuary, which is home to a large population of nesting waterfowl and shorebirds.

3. The Fraser Valley

The Fraser Valley is a fertile region of British Columbia that is home to a variety of bird species, including bald eagles, osprey, and northern flickers. The valley is also home to several important birdwatching areas, including the Reifel Bird Sanctuary and the Iona Jetty. Reifel Bird Sanctuary is a 265-

hectare sanctuary that is home to over 250 bird species, while Iona Jetty is a popular spot for birdwatching during the spring and fall migrations.

4. The Kootenay Rockies

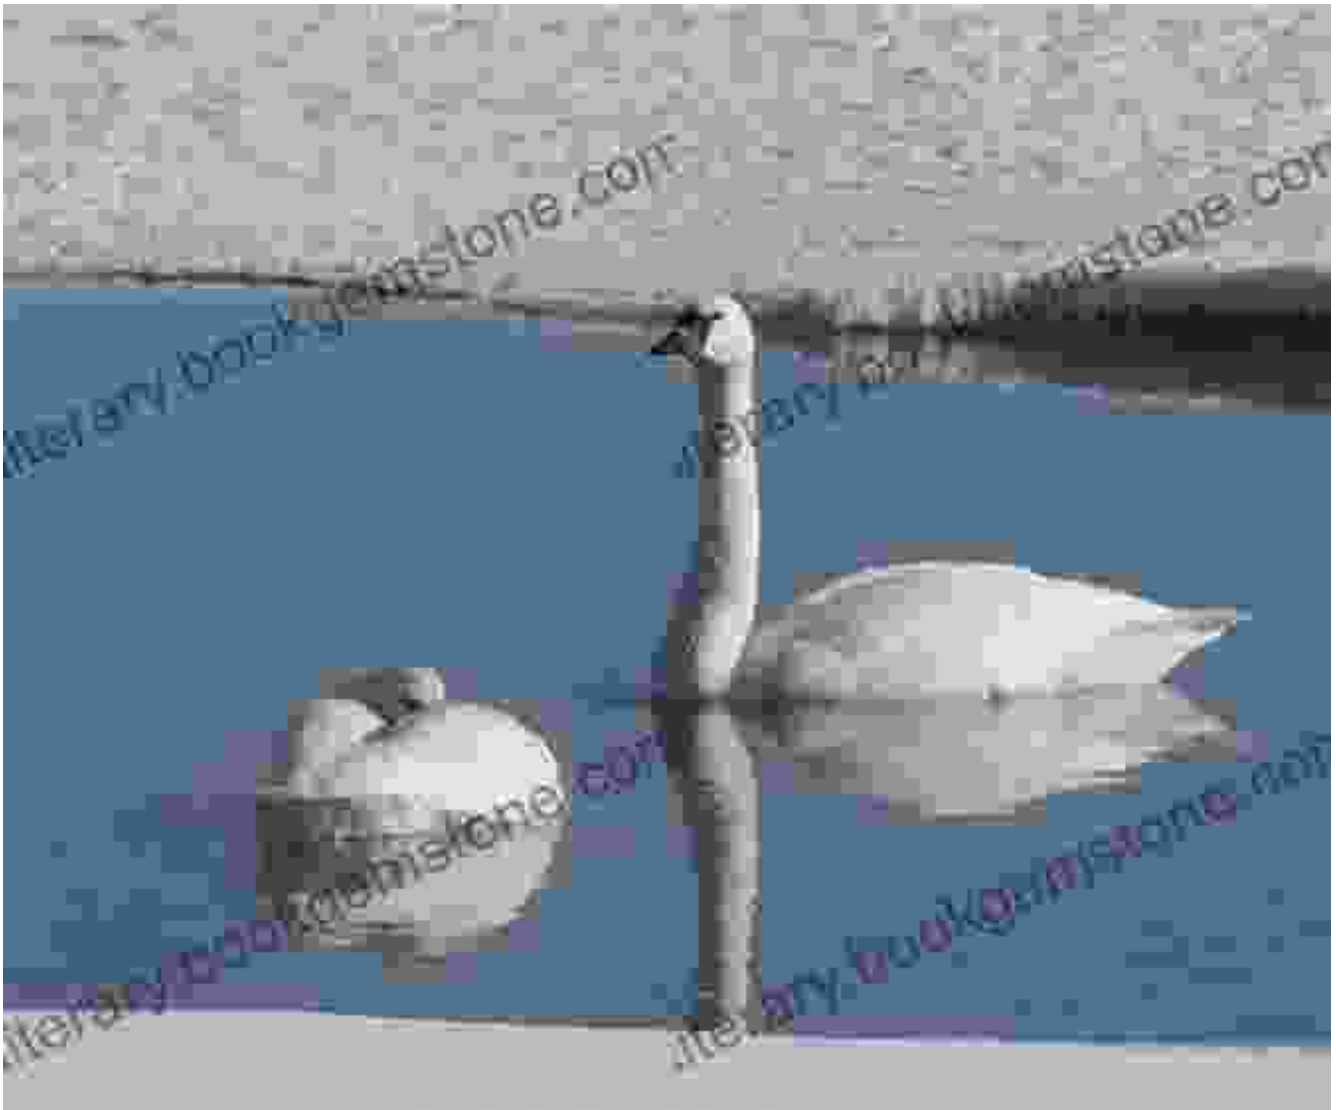

The Kootenay Rockies are a beautiful region of British Columbia known for its towering mountains, pristine lakes, and abundant wildlife. The region is also home to a variety of bird species, including golden eagles, blue grouse, and Clark's nutcrackers. One of the best places to bird in the Kootenay Rockies is Kootenay National Park, which is home to over 250 bird species.

5. The Skeena Region

The Skeena Region is a remote and rugged region of British Columbia known for its towering mountains, ancient forests, and abundant wildlife. The region is also home to a variety of bird species, including trumpeter swans, sandhill cranes, and white-tailed ptarmigan. One of the best places

to bird in the Skeena Region is the Skeena River, which is home to a large population of overwintering waterfowl.

British Columbia is a birdwatcher's paradise, offering a diverse range of habitats and over 550 bird species to observe. Whether you're looking for majestic eagles soaring through the mountains or seabirds nesting on offshore islands, there are countless opportunities to experience the wonders of the avian world in this breathtaking province.

So what are you waiting for? Grab your binoculars and start exploring the best places to bird in British Columbia!
