

In Siberia: A Journey Through Time, Space, and the Russian Soul

In Siberia is a travelogue by Colin Thubron, first published in 1999. The book is based on Thubron's travels through Siberia in the early 1990s, following the collapse of the Soviet Union. Thubron travels by train, car, and boat, and he visits a wide range of places, from the frozen north to the vast Siberian taiga. He meets a variety of people, including shamans, exiles, and entrepreneurs, and he learns about the history and culture of Siberia.

In Siberia by Colin Thubron

In Siberia is a beautifully written and evocative book. Thubron is a keen observer of people and places, and he has a gift for capturing the essence of a place. His descriptions of the Siberian landscape are particularly striking, and he does a wonderful job of conveying the sense of vastness and isolation that is so characteristic of the region.

But In Siberia is more than just a travelogue. It is also a meditation on the Russian soul. Thubron argues that Siberia is a place where the Russian

character is at its most extreme. He finds that Siberians are resourceful, resilient, and independent, but they are also capable of great brutality and violence. Thubron's book is a fascinating and thought-provoking exploration of the Russian psyche.

Reviews

In Siberia has been widely praised by critics. The New York Times called it "a masterpiece of travel writing," and the Guardian said it was "one of the most important books about Russia ever written." *In Siberia* has won numerous awards, including the Thomas Cook Travel Book Award and the Royal Society of Literature's Ondaatje Prize.

Further Reading

If you are interested in learning more about Siberia, I recommend the following books:

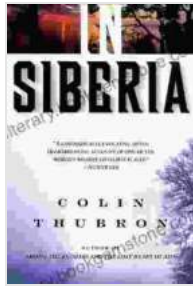

- *Siberia: A Cultural History* by Ian Frazier
- *The Gulag Archipelago* by Aleksandr Solzhenitsyn
- *Children of the Gulag* by Anne Applebaum
- *The Death of Stalin: The Story of the Twentieth Congress of the Communist Party of the Soviet Union* by Adam Ulam
