Understanding the CAT Exam

The CAT exam is a computer-based test that consists of three sections:

- **Verbal Ability and Reading Comprehension (VARC):** Tests your ability to comprehend and analyze written text, identify key points, and reason logically.
- **Data Interpretation and Logical Reasoning (DILR):** Assesses your ability to interpret data from graphs, charts, and tables, and draw

logical s.

- **Quantitative Ability (QA):** Tests your mathematical skills, including arithmetic, algebra, geometry, and trigonometry.

Each section carries 34 questions, with a total of 102 questions in all. The exam is scored on a scale of 0 to 100, with the top 5% of candidates qualifying for admission to the Indian Institutes of Management (IIMs) and other top MBA colleges.
