***National Geographic*, January 1990**

The Nahanni River is a wild and remote river in the Northwest Territories of Canada. It flows through some of the most spectacular scenery in the world, including the Nahanni National Park Reserve, a UNESCO World Heritage Site. The river is also home to a variety of wildlife, including grizzly bears, wolves, and caribou.

In 1986, adventurer Tim Cahill set out to explore the Nahanni River. He traveled by canoe and on foot, and he encountered a variety of challenges along the way. He was nearly swept away by a flash flood, and he had to

deal with bears and wolves. But he also experienced the beauty of the river and its surroundings, and he learned a great deal about the history of the Nahanni region.

Cahill's book, *Nahanni*, is a vivid account of his journey. It is a story of adventure, but it is also a story of the environment and the importance of protecting wild places.

The Nahanni River

The Nahanni River is one of the most beautiful rivers in the world. It is a wild and remote river, and it flows through some of the most spectacular scenery in the world. The river is over 500 miles long, and it begins in the Rocky Mountains of northern British Columbia. It flows through the Nahanni National Park Reserve, a UNESCO World Heritage Site, and it empties into the Liard River in the Northwest Territories.

The Nahanni River is home to a variety of wildlife, including grizzly bears, wolves, caribou, and moose. The river is also a popular destination for canoeists and kayakers.

Nahanni National Park Reserve

Nahanni National Park Reserve is a UNESCO World Heritage Site that is located in the Northwest Territories of Canada. The park is home to the Nahanni River, as well as a variety of other natural features, including mountains, glaciers, and waterfalls.

The park is also home to a variety of wildlife, including grizzly bears, wolves, caribou, and moose. The park is a popular destination for canoeists, kayakers, and hikers.

Tim Cahill

Tim Cahill is an adventurer, writer, and environmentalist. He has written over 20 books, including *A Wolverine is Eating My Leg* and *Lost in My Own Backyard*. Cahill has also written for *National Geographic*, *Outside*, and *The New York Times*.

Cahill is a passionate advocate for the environment, and he has worked to protect wild places around the world. He is a member of the board of directors of the Conservation Alliance, and he is the founder of the Cahill Fund, which supports environmental organizations.

Nahanni Then and Now

In 1986, Tim Cahill set out to explore the Nahanni River. He traveled by canoe and on foot, and he encountered a variety of challenges along the way. He was nearly swept away by a flash flood, and he had to deal with bears and wolves. But he also experienced the beauty of the river and its surroundings, and he learned a great deal about the history of the Nahanni region.

Cahill's book, *Nahanni*, is a vivid account of his journey. It is a story of adventure, but it is also a story of the environment and the importance of protecting wild places.

Since Cahill's journey, the Nahanni River and the Nahanni National Park Reserve have changed in some ways. The river is still wild and remote, but it is now more popular with tourists. The park has also been expanded, and it now includes over 10,000 square miles of land.

Despite these changes, the Nahanni River and the Nahanni National Park Reserve remain a wild and beautiful place. They are a reminder of the importance of protecting wild places, and they are a testament to the beauty of the natural world.

The Nahanni River is a wild and beautiful place. It is a place where people can experience the beauty of the natural world and the challenges of the wilderness. It is also a place where people can learn about the history of the region and the importance of protecting wild places.

Tim Cahill's book, *Nahanni*, is a vivid account of his journey down the Nahanni River. It is a story of adventure, but it is also a story of the environment and the importance of protecting wild places. Cahill's book is a reminder of the beauty of the natural world, and it is a testament to the importance of protecting wild places.
